

XtraLick® Chelated

Mineral Lick

XtraLick® Chelated contains key trace elements, including Bioplex Zinc, which is protected for improved absorption making them more immediately available in the animals' digestive systems. Zinc helps to promote healthy feet, skin, fleece and udder and also benefits reproduction and growth rates. Ideally suited to all stock.

1. Composition

▪ Magnesium (Mn)	5 000	mg/kg
▪ Cobalt (Co)	50	mg/kg
